

Graduation!

What an amazing milestone in your life!

This is a treasured time for you as a senior. It's also a time when parents get to feel their own sense of accomplishment and pride. There's no better way to celebrate that accomplishment, than to capture it with a thoughtful and artistic photo shoot.

My hope is that your photographs will allow you to stop the clock and remember this wonderful moment for years to come!

Each person is unique and individual.

Each has his or her own quirks and hobbies. I love to incorporate those personalities into each session. Whether you like to run, dance, play football, golf, play on the swings, swim in a lake or just sit in a grassy field; your photos should reflect who you are!

That's my goal! To make you laugh, have fun and to capture your individuality to the very core.

So let's go play!

I can't wait to give you an amazing experience and photographs that will last a lifetime!

Carie
